

Vertebrate Fauna List for Nyalar Mirungan-ah Nature Refuge

Primary list derived from Wildlife Online database extract (DERM, 21/2/2011; all records and all dates) for 2km buffer zone around approximate centre point of property.

Additional species recorded for property, but not listed on Wildlife Online, are shown in **bold** type. Likelihood of species occurring on property shown as **High**, **Medium** or **Low**.

Species recorded during February 2011 & December 2011 surveys and/or incidentally by David Parsons are indicated with 'Y' in the appropriate column.

Status codes for Qld (NCA 1992) and Australia (EPBC 1999) shown as **Common**, **Vulnerable** and **Endangered**.
